Select this icon to colour line

Creating lined pages for handwriting

1. Open a new page
2. Select 'Pen' icon and then select the 'Line Tools' and then select 'Straight' line icon
3. Change colour, style and thickness of the line as required.
4. Draw the first set of lines one by one across the page
5. Select 'Control+A' on your keyboard to select all lines in that set
6. Select the 'Accelerator Menu' arrow and then select 'Group selected items' and group this set of lines
7. Select the Accelerator Menu arrow again and this time select the 'Lock' icon and select the 'Lock and clone' option
8. Drag onto the page as many sets of lines as you need to fill your page
9. Once filled, select the lock icon on the first set of lines and 'unlock' it to stop cloning
10. Select Control+A and then select the Accelerator Menu arrow and repeat Step 6
11. Once the lines are grouped, select the Accelerator Menu arrow and then select 'Add page to Media Bank'; rename the lines and type in a keyword when the window appears. The lines will be saved in 'My Media Bank'
12. To access, open the 'Media Bank' icon and type your keyword in the search window and select 'My Media Bank' and then select the up arrow to add it to your page
13. Before writing on the page, 'Lock' the lines in place. Use pens or type words onto page

Accelerator Menu Options

Lock and Clone

Enables a continuous clone of an object, word or number

Using these coins, how many different ways can you make 3 dollars and 35 cents?

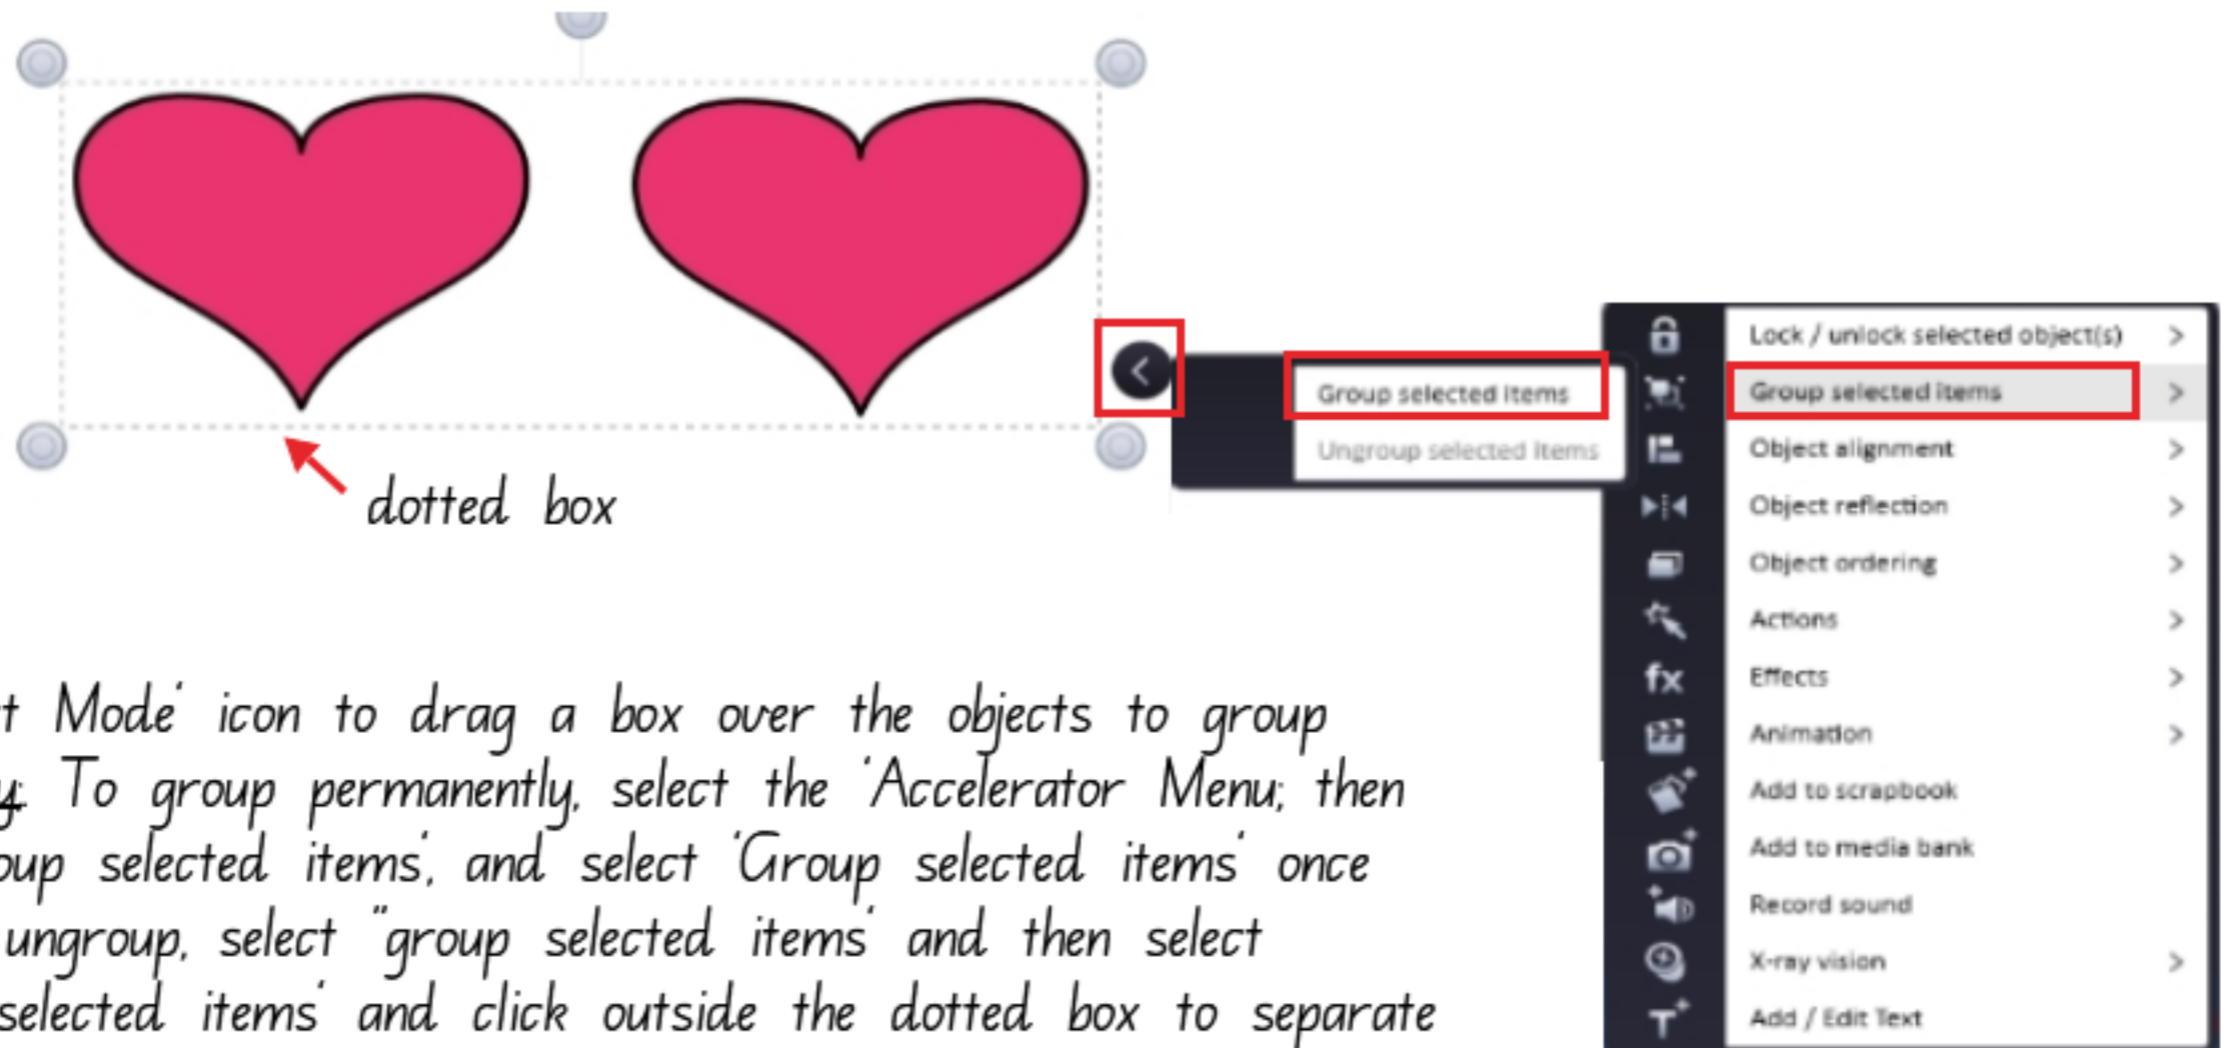

Identifies original object when locked and cloned; to stop cloning, select 'Unlock' icon

- Lock selected object(s)
- Only allow horizontal movement
- Only allow vertical movement
- Unlock selected object(s)
- Lock and clone selected object(s)
- Allow rotation

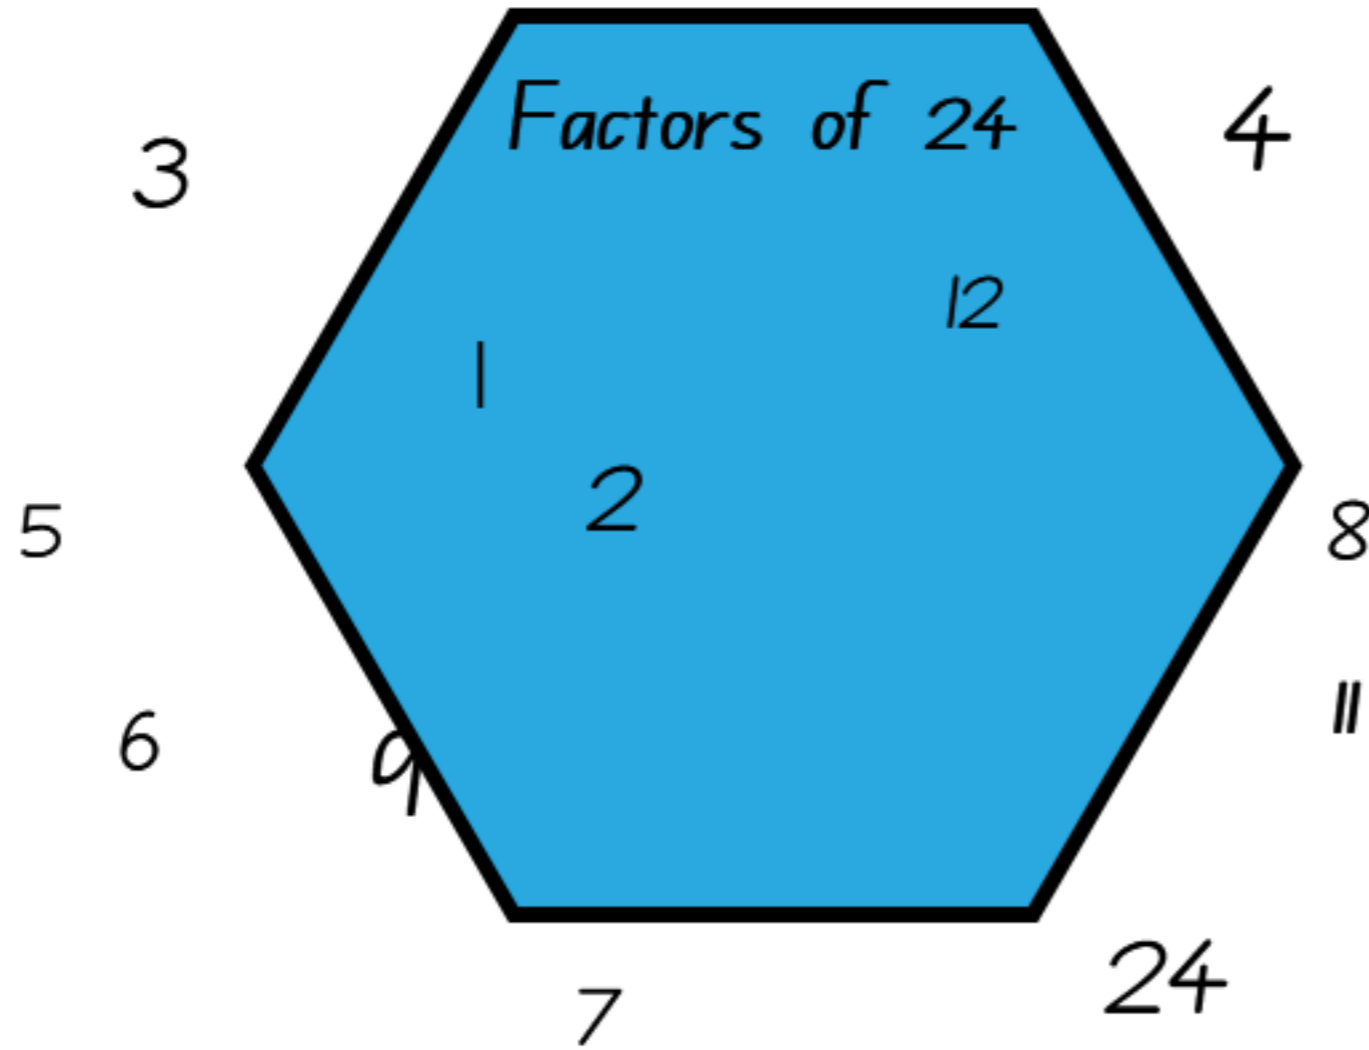

- Lock / unlock selected object(s) >
- Group selected items >
- Object alignment >
- Object reflection >
- Object ordering >
- Actions >
- Effects >
- Animation >
- Add to scrapbook
- Add to media bank
- Record sound
- X-ray vision >
- Set as background
- Add / Edit Text

Grouping objects

Use 'Select Mode' icon to drag a box over the objects to group temporarily. To group permanently, select the 'Accelerator Menu'; then select 'Group selected items', and select 'Group selected items' once again. To ungroup, select "group selected items" and then select 'Ungroup selected items' and click outside the dotted box to separate

Object Ordering

Instructions:

1. Draw hexagon on screen
2. Type title inside shape
3. Using 'Select Mode' icon, drag a box over title and shape
4. Selecting 'Accelerator Menu' icon, select 'Group selected items' and 'Group selected items'
5. Lock grouped image in place using 'Accelerator Menu'
6. Type correct numbers and some incorrect ones randomly on the page
7. The correct numbers will automatically sit on top of the shape and don't need anything more done to them.
8. Select one of the incorrect numbers and from the 'Accelerator Menu', select 'Object ordering', then 'Send to the back' to place the number behind the shape
9. Use 'Play Mode' to move the numbers—correct numbers will appear in the shape; incorrect ones will be behind the shape

Select to add to page

Using 'Multimedia Resource Bank'

Instructions—

Search by using keyword 'water' and insert
3 images on your page and resize each

The screenshot shows the Multimedia Resource Bank interface. At the top, there are seven search results for the keyword 'water':

- Children playing in water: Illustration of three children playing in a pool.
- Conserve water: Illustration of a globe with a water drop.
- Discus Fish: Illustration of a colorful discus fish.
- Dolphin: Illustration of a dolphin jumping out of the water.
- Dolphin: Illustration of a blue dolphin.
- Dolphin: Illustration of a dolphin's head.
- Dolphin: Illustration of a dolphin jumping out of the water.

At the bottom, there is a search bar with the keyword 'water', a search icon, and a dropdown menu for 'All media banks'. There are also filters for 'Page objects', 'Illustrations', 'Interactive', 'Photos', and 'Video'. The search results are displayed as '15 to 21 of 95 results'. There is a 'My Files' button and a 'Capture media' button.

Using 'Multimedia Resource Bank'

Instructions-

'Filter by category' using 'Food and Drink' and insert 3 images on your page that are part of a healthy breakfast, resize and label each

milk

The screenshot shows the Multimedia Resource Bank interface. At the top, there are navigation arrows and a search bar containing the word "milk". Below the search bar, there are several filter buttons: "All media banks", "Food and drink", and "My Files". The main area displays a grid of search results. The first two results are labeled "Milk" and show illustrations of milk cartons and a glass. The third result is labeled "Block of cheese with wax c..." and shows a wedge of Swiss cheese. The fourth result is labeled "Blocks of butter" and shows two blocks of butter. The fifth result is labeled "Blocks of cheese on board" and shows a wedge of cheese on a wooden board. The sixth result is labeled "Cereal" and shows a bowl of cereal with a spoon. The seventh result is labeled "Cheese" and shows a wedge of Swiss cheese. At the bottom right, there is a "Capture media" button and a status indicator "1 to 7 of 17 results".

Using 'Multimedia Resource Bank'

Import asset from your
computer to Media Bank

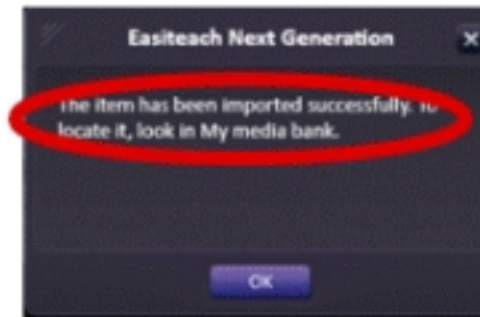

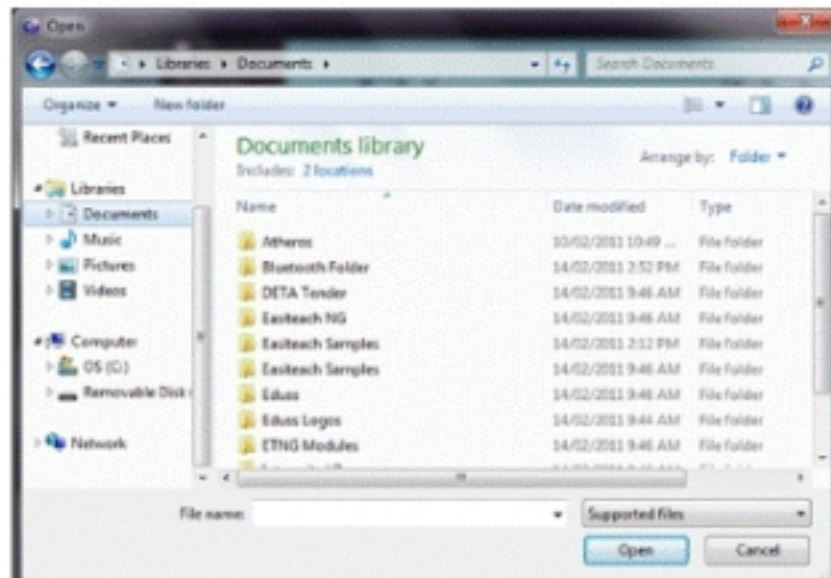

Finds and opens files
on my computer, but **does**
not save them to
Media Bank

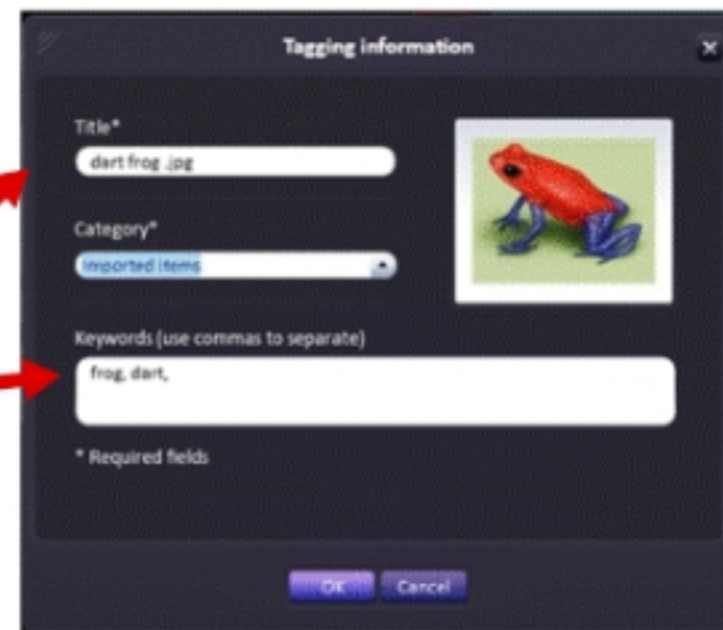

Adding to your 'Multimedia Resource Bank'

When you select this icon, you are able to access your files on any drive. You can then save them to your Multimedia Resource Bank.

Your image can then be found in 'All media banks' as well as 'My media bank'

Tag and categorise your image as with audio files and select 'OK'

Glass Mode (Camera Tool)

Using Glass Mode for Cropping Photos

Select above icon and drag a box over portion of image to be cropped
Cropped image will appear on screen

Cropped
image

Using Glass Mode to Print Entire Screen

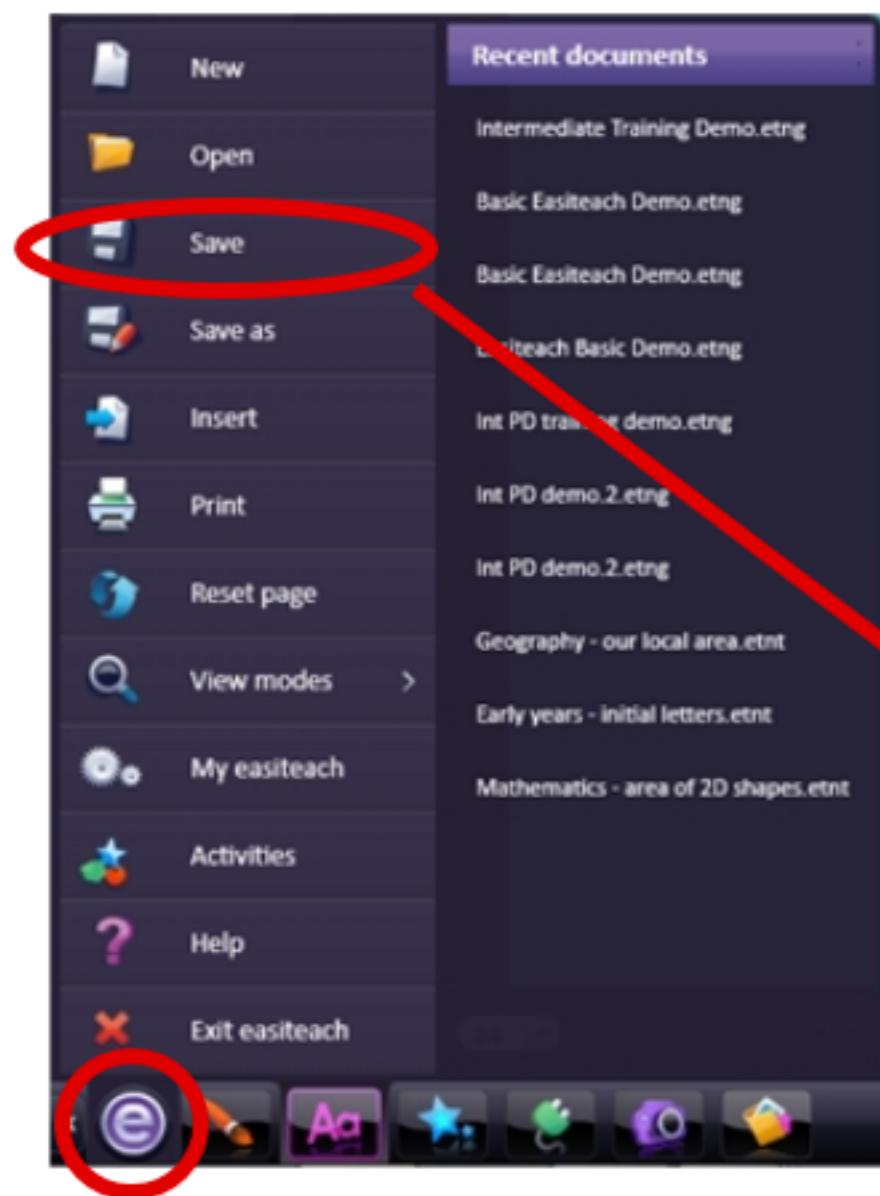

Select above icon and Glass Mode will automatically capture the entire page in a reduced size. It can then be cut and pasted to another page

The screenshot shows a presentation slide titled "Using Glass Mode for Cropping Photos" with a camera icon. Below the title, the text reads: "Select above icon and drag a box over portion of image to be cropped. Cropped image will appear on screen." The slide features two images of a llama: a full-size image on the left and a smaller, cropped image on the right, connected by a red arrow. A red box is visible on the full-size image, indicating the area that was cropped. Below the cropped image, the text "Cropped image" is written. In the bottom right corner of the slide, there is a logo for "JG3" with a small flag icon. The presentation is displayed in a window titled "RMessteach" with standard Windows taskbar icons at the bottom.

Saving your work

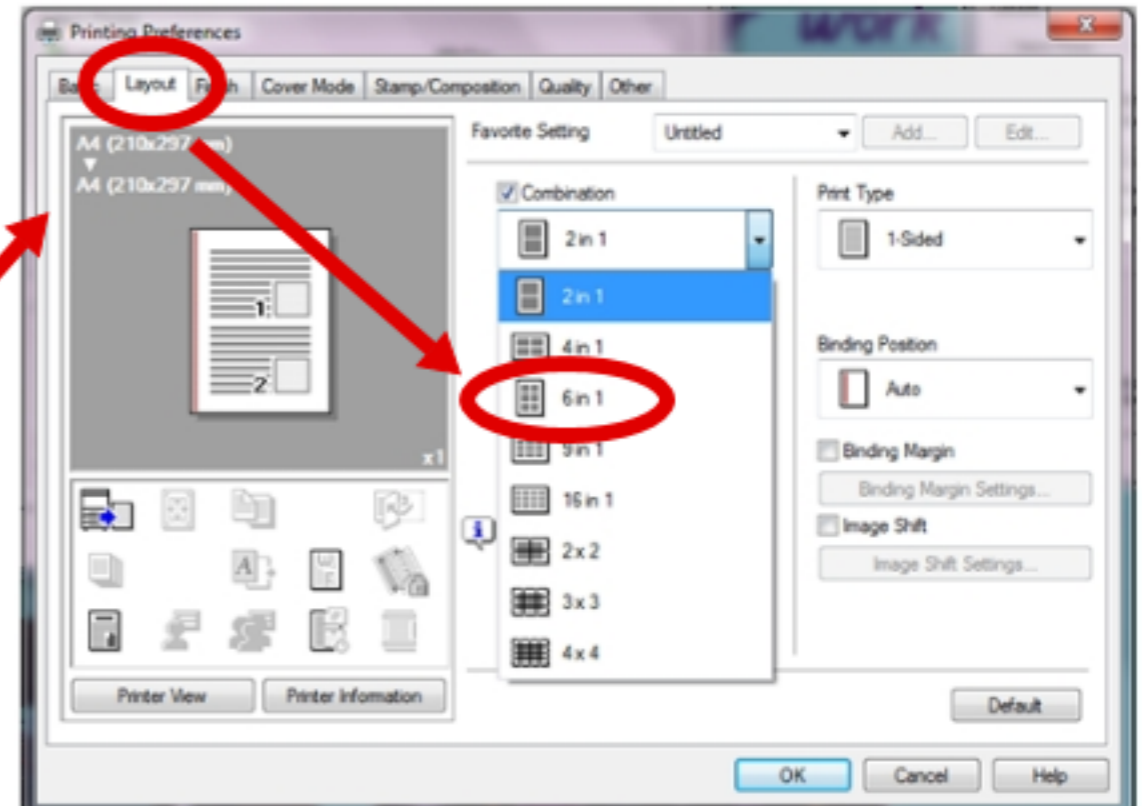

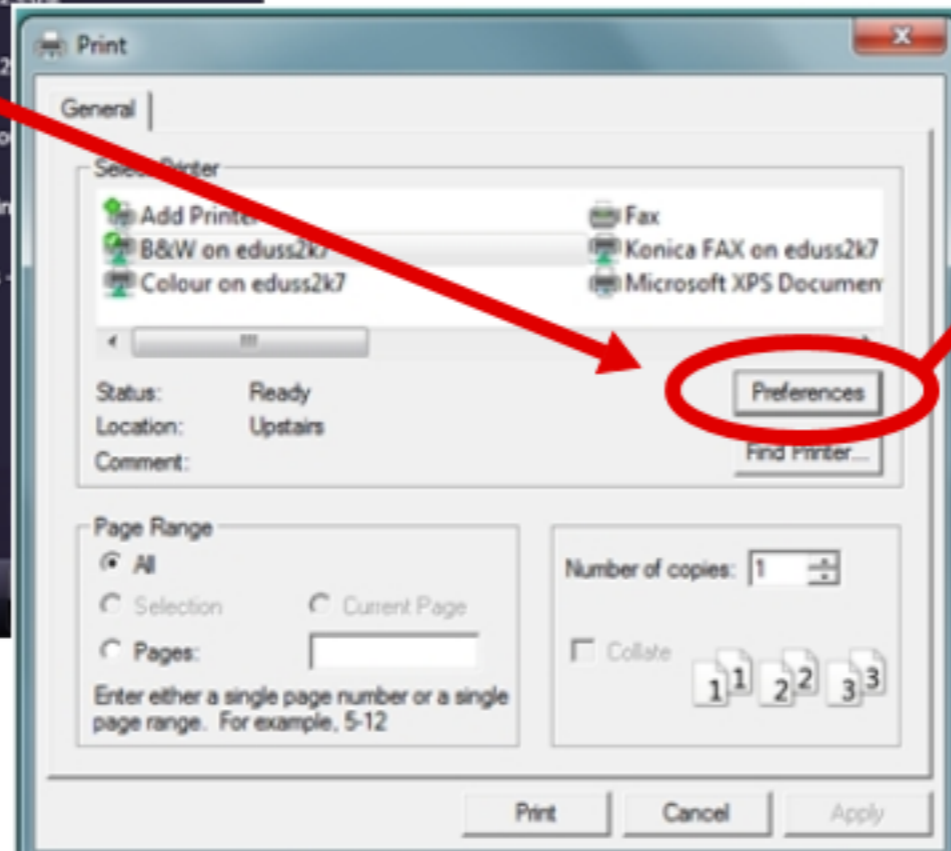

Always save your presentation as an *.etng file FIRST
You can then 'Save as' a *.PDF or *.jpeg

Printing your work

By selecting 'Preferences', then 'Layout', then 'Combination', you can opt to have more than one slide on a page at a time, if you wish
